GRAYLING, MICHIGAN, FEBRUARY 28, 1929

NUMBER 9

BASKET BALL TOURNAMENT MAR. 7-8-9

TWELVE TEAMS ENTER CONTESTS, 4 IN CLASS C

Event Awaited With Much Interest—Keen Rivalry Exists

What many may proclaim the tastiest dish on the state's interscholastic sports menu is about to be served. Within the next few days hundreds of high school basketball teams in Michigan will pack their equipment and depart for district tournaments, the first step in the long and arduous climb to the state championships.

On March 7, 8 and 9 some thirty-five communities will be the centers toward which these young knights of the rubber soles will gravitate as they seek the elusive and highly prized titles. As has been the custom in the past there will be three classes of competition, B, C and D. There will be state honors for all these divisions. The Class A schools will not compete until the regional tournaments are staged.

In each district one or two teams will be picked to go to the regional affairs where the entries for the big final roundup in Detroit will be determined.

Five counties will be represented when teams gather in Grayling for the district tournament to be held here. Otsego, Crawford, Ogemaw, Roscommon and Missaukee counties will have complete representation on hand to try for the title. Last year the event here drew nearly 2,500 people, better than the average market around the state for such affairs.

An attempt will be made this year to interest new legions in this spectacular sport event so that Grayling may step out in front so far as attendance figures are concerned.

At the present the teams are swinging into the last games on their regular schedules. Coaches and players are giving attention to these contests of course, but the eyes of all are turned more or less upon the impending tournaments. Regardless of the success that may have been obtained for a team during the season, it will start the tournament competition with a clean slate. Past performances do not count for anything in these final tests. Everything to gain and nothing to lose, will be the attitude of the contestants.

The court carnival will draw about 5,000 boys from Michigan's high schools. The cream of the new crop of athletic talent will be placing its capabilities on display and the eyes of Michigan basketball lovers will be riveted on these preliminary contests. Trophies will be awarded to winning district teams, the only material evidence of court proficiency.

Opening Games
Afternoon games start at 2:15 evening at 7:15 Eastern Standard Time. The local program will start Thursday afternoon at 2:00 o'clock with the following events:
Houghton Lake vs. Prescott.
St. Mary's of Gaylord vs. St. Joe of West Branch.
Beaverton vs. Vanderbilt.
The evening games will start at 7:15 o'clock. Following are the games scheduled for Thursday evening:
Roscommon vs. McBain.
Grayling vs. West Branch.
Gaylord vs. Lake City.
All of the above teams are in class D with exception of Grayling, Gay-

lord, West Branch and Lake City all of which are class C teams.

Hospital Notes

Mercy Hospital has been a busy place for the past few weeks. This week finds them with 22 patients.

Nels Soderberg, a resident of Grayling many years ago, but now of Johannesburg, received the hospital Monday for treatment.

Roy Alexander, of Vanderbilt, an employee of the M. C. R. R. Co., underwent an operation at Mercy Hospital Tuesday morning.

Mr. and Mrs. Raymond Groesbeck of Gaylord are both patients at the hospital, where they are receiving medical treatment, having not fully recovered from attacks of the flu.

Mrs. Bruce Rutledge of Roscommon was brought to the hospital Tuesday night and submitted to an operation Saturday morning.

Dr. Devere Miller of Cadillac and a physician from Lake City were in Grayling Tuesday in consultation with Dr. Keyport concerning the condition of Ivrey Corwin, who has been a patient at the hospital since the middle of December. Mr. Corwin had the misfortune to badly crush one of his legs while at work at Mott's camp near Frederic.

Mrs. Ward Walker, wife of Attorney Walker of Cheboygan, returned to her home Saturday having been at the hospital for a couple of days during which she had her tonsils removed.

Mrs. Walker on consulting one of the physicians at Harper hospital, Detroit, recently, was advised to come to Grayling and have the operation performed by local physicians.

Mrs. Ruth Mack and daughter, who have been patients at the hospital were dismissed Tuesday.

Mrs. Frank Tetu entered the hospital Friday night, having been threatened with bronchial pneumonia. However she is getting along nicely.

Her little two months old son Frank X. III is also a patient at the hospital being ill with a bad cold.

Mrs. Maurice Gorman underwent an operation Friday morning for the removal of her appendix, and although quite ill for a few days is resting easier at present. Little Clayton Gorman is also a patient at the hospital having a siege of laryngitis.

Otto Mahneke, caretaker at The Pines who has been a patient for a number of weeks having had a siege of pneumonia is now able to be up and around and will soon be leaving the hospital.

James and Alvin Kolka, children of Mr. and Mrs. Joseph Kolka, who have been ill with the flu are getting along nicely now.

Miss Lora Craven, student nurse has been off duty for a couple of weeks because of illness.

Mrs. Alfred Galloway entered the hospital Friday.

Mrs. William Smith of Mio, who underwent an operation the fore part of last week is getting along nicely.

Mrs. Cora Tracy of Lewiston underwent an operation Saturday morning.

David Cherwinski, clerk in the Thompson store at St. Helen, is recovering nicely from an operation he underwent recently.

DEMOCRATIC CAUCUS
The Democratic electors of the township of Grayling will meet in caucus at the Town Hall, Grayling, Mich., on

Tuesday, March 12, at 8:00 p. m. Standard Time, for the purpose of nominating the following township officers, to-wit: 1 Supervisor, 1 Clerk, 1 Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables.

Dated February 26, 1929.
By order of Township Committee:
C. O. McCullough, Chairman.
A. J. Nelson.
Alfred Hanson.

1—Facelma dam at San Fernando, Calif., highest in the world, that has just been completed at a cost of \$2,000,000. 2—Dutch postal men taking the mail across the frozen Zuyder Zee during the extreme cold weather in Europe. 3—Huge Fairley-Napier monoplane that will attempt a nonstop flight from Cape Town, Africa, to southern Scotland, more than 6,000 miles.

BOYS LARGE CEMENT PLANT

NORTHERN SALVAGE CO. HAD BUSY YEAR

Without much fuss or commotion the Northern Salvage Co. of Grayling kept right on doing business on large lines—buying and scrapping industrial plants.

Their most recent purchase is the huge cement plant at Fenton, Mich., a property belonging to the Peerless Egyptian Cement Co., of Youngstown, Ohio. Competition in the purchase of the plant was brisk, there having been bidders from Detroit, Cleveland and Saginaw but the Grayling Company won out.

The Northern Salvage Co. of Grayling is owned by Harry Helper and Harold G. Jarmin of this city and their place of business is the property that was formerly the Du Pont plant.

Mr. Helper and a crew of ten men are already busy on the job of scrapping the cement plant. There are several thousand tons of cast iron and steel in this plant, together with a large amount of copper, brass and other fine metals. Much of the machinery in the plant is portable and can be moved to other places.

In the plant there are two immense Colliase engines the flywheels of which are 18 feet in diameter and four feet wide; four huge boilers; seven railroad tracks and scores of other articles most of which will go into scrap. Also in the equipment there is a lot of machinery and apparatus that are serviceable and will bring a ready sale. The firm hopes to have the plant cleaned up in about two months.

The Northern Salvage Co. started in business here December 1, 1927, when they took over the remainder of the E. I. du Pont de Nemours & Co. property here. Soon after they purchased the wreckage of the wheel works of Lobdell Emery Mfg. Co. at Onaway that burned some time before.

This proved to be a good investment bringing excellent returns to the purchasers. Last year they wrecked and dismantled seven mills and plants, among which were the above mentioned wheel works, the Michelson Saw mill at Michelson and many others.

A recent carload shipment of brass, copper and other metals from the sum of money that is believed to be equal in value to that of any other carload of material that was ever shipped out of Grayling. They still have a vast quantity of material left at the du Pont plant and at Onaway they still have on hand eight to ten carloads of iron piping which is already ready for shipment at any time, as well as a large amount of iron and equipment at a dozen places about the state.

When asked if it wouldn't pay to try to sell the machines and materials for second hand use we were informed that while some of these things were in excellent condition that time was of greater importance to them as they could be on their way to other jobs that seem to be awaiting them.

The matter of scrapping industrial plants is not an easy one as it requires expert knowledge of metals and of ways in handling them for shipment and also knowing where to find a profitable market. Although the Northern Salvage Co. has been doing business but little more than a year they already are well known in the east and central states where they have already established an excellent reputation. The operations of this company is bringing to Grayling a lot of attention and much favorable publicity.

GOODFELLOWSHIP CLUB NOTES
The club were entertained Monday afternoon at the home of Mrs. Oscar Schumann. After the business session Mrs. Geo. Alexander who had charge of the program read an article on "Synthetic Silk" by Frank Sohn. The next meeting will be with Mrs. Lorane Sparks.

School Notes

(Written by the students of the English classes.)

Eighth Grade Gives Assembly
The eighth grade entertained the High School students Thursday by an assembly, given in honor of the birthday of our two noble patriots, Abraham Lincoln and George Washington.

Rev. Fr. Culligan gave a very interesting talk on "Americanism" after which several selections were given by the High School orchestra.

Mr. Bogue introduced the new High School Creed which the Student Council has been working on for some time. Several songs were sung, led by Miss Quackenbush and Mr. Hill.

The seventh grade will be next to put the best and last word, had the new "Grayling High School—Citizenship Creed" ready.

At the assembly last Thursday, Mr. Bogue presented this creed, which was originated by the juniors to the student body. Each of the students received a separate copy of the creed to study. It is so arranged that the first letters of the principles of good citizenship taken together spell out the word "citizenship". Under each principle are different suggestions for carrying out that principle. It seems to be a very well worded, and no doubt, will prove to be successful.

Grayling Boys to Boyne City
Last Friday night Grayling High School boys lost the first game on their home floor when they were defeated by the boys of Boyne City.

The local girls played to a tie of thirty all. Another game to decide the championship of Northern Michigan will be played next Friday at Boyne City.

Both of Grayling's teams have good records for the year, the girls having won six and the boys two and the boys losing none and two.

Leona Markby is back at school once more after an illness of several days.

The Chemistry classes received a pleasant surprise this week when Miss Lewis informed them that they would have no exam for the six weeks. How over they are to prepare a report that this newspaper comments on the work of the students at the local school.

The boys are practicing hard preparing for the District Basketball Tournament, March 7-8-9. There are four teams entered in class C, which promise to furnish some thrilling battles in the class C division. They are Lake City, West Branch High School, Gaylord, and Grayling.

This is the fifth week of the second semester, and most of us who are interested are studying hard to earn good marks.

The Chemistry students have been kept busy engaged cleaning up the laboratory. Some of the boys who never think of helping their sisters or mothers with the dishes at home plunged into the sudsy water as if it were great sport. Good work, boys, you've got to know how sometime and it's now or never.

The Biology students have been dissecting grasshoppers and naming each part. The boys seemed to make great fun out of it, but the girls were a little timid about "cutting the grasshoppers up." This work however is progressing very nicely.

The Chemistry students submitted plans and drawings for the chamber process of preparing sulphuric acid. Many were really remarkable pieces of art.

The American History classes are just completing the study of the Civil War.

Daisy Heath visited school last Friday.

The French class frequently have visitors now. Last week Margaret Warren visited the class and seemed quite interested in the French conversation going on between pupils and teacher.

BOYS LOSE TO BOYNE CITY

GIRLS TIE 30-30 IN HARD GAME

Grayling High school boys basketball team lost Friday evening 19-21 to the girls team finished in a tie 30-30.

A large crowd turned out to see the games and were treated to two excellent exhibitions in basketball.

Boys City boys started the scoring and held a slight lead during a part of the game. The first half gave the visitors a 12 to 7 lead. Grayling tied the score and went into the lead during the second half and lost at almost the close of the game when Boyne City came up two baskets.

The game ended 19 to 19 in Boyne City's favor.

Refer to: Milnes
Preceding the boys game was the game between our girls and Boyne City. Grayling took the lead and held it through the game until the first period when the visitors tied the score. The first half stand: Grayling 16, Boyne City 11. Second half: Grayling 10, Boyne City 30.

Due to the fact that it had been a hard game for both teams their coaches decided to comply with the rules governing girls games and not play off the game officially. However the girls took the floor again and in three minutes play Grayling gained a free throw for one point and Boyne City a field goal for two points.

Quite a good size crowd accompanied the Boyne City players and right from the start they started heating some of the decisions of the referee. Usually the crowds that come to the Grayling games show good sportsmanship but that night spirit seemed to be lacking in a part of some of the visitors. Cushman referred the first half of the girls game and he failed to detect any favoritism toward either team.

Miss Griffith, coach of the Boyne City girls team referred the first half and the visitors made no complaint when that official failed to see the unfair overruling on the part of the Boyne City guards. Otherwise there wouldn't have been a tie game. Grayling deserved to win. It is rare that this newspaper comments on the work of the referees at the local school but it seems apparent that the Grayling girls were not treated fairly by their referee.

A lot of fun was had in the preliminary game between Rev. Greenwood's Tigers vs. Father Culligan's Knights. The Tigers won 10-5.

The lineup was as follows:
Knights—Dano, Laurant, captain; and Snook, forwards; Gannon, center; San Carter and Gannon, guards; Tigers—Durah, captain; and Gierke, forwards; Axel Larson, center; Pankow and Clyde, Peterson, guards.

They played only a half and when the whistle blew all were ready to quit, and for several days thereafter there were many aching muscles to help remind them of the fine game they had. Anyway they gave the crowd a good time, and that is what the game was for.

REPLY TO CRITICS
Replying to the article appearing in the Avalanche last week and signed by a number of citizens we would like to say that the word "distinction" is unknown to the members of the present Council, but common sense and good judgment will tell you what it means with a never closer tie, and the same backing up into cells along the line. This had to be remedied and all is now in good order again.

As to the frozen waterworks, we have an electrical apparatus coming for use in thawing out frozen water pipes, such as is being used in cities around us. This should be here soon and future Nelson will attend to the frozen water pipes.

In behalf of the Village Council I remain, Yours truly,
H. Peterson, President.

WOULD NAME FOR-EST FOR LUNDEN

REP. GREEN, HILLMAN, ACTS TO PERPETUATE MEMORY OF CONSERVATIONIST

The memory of the late Herman Lunden, of Lewiston, is to be perpetuated through the naming of the Montmorency State Forest the Herman Lunden State Forest, under provision of a bill which Rep. William Green, of Hillman, has prepared, and which is assured passage in the Legislature, with the support of the conservation department.

Mr. Lunden, who dropped dead recently in Bay City was a member of the conservation commission for six years during the Groesbeck administration. Reburial was his last wish.

He was a lumberman himself, and saw thousands of acres of Michigan virgin timber fall before the woodsman's ax.

It was largely through his efforts that the Montmorency state forest was established and now it is planned to name it after its founder.

During the years Mr. Lunden was on the conservation commission he saw to it that the state forest was under his control for state forests, as well as obtained from other large lumber camps interests other large tracts in both the upper and lower peninsula.

Mr. Lunden was one of the pioneers in conservation work in Michigan who demanded that protection on all important lakes and streams be secured by the state to insure public access to them. He was also a pioneer in the movement to obtain for the State game refuge and public shooting grounds.

They did not know what a biting truth they expressed. For if the Master had thought of saving himself, he could not have saved others. Michigan, nor in the end, have saved himself.

Jesus taught us through a terrible dramatization of it, that the first purpose of nominating the following law of nature is not self-preservation but the preservation of others, of 1 Clerk, 1 Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, 1 Member of the Board of Review, 1 Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables.

THE ELIZABETH ARDEN method — which keeps your skin healthy — will keep it lovely too

NO CREAM transforms the skin. But scientific care, which encourages swift circulation through the tissues and keeps the skin cells vividly healthy, will make your skin clear, soft and firm. This is the foundation of the Elizabeth Arden method. Cleansing the skin—with Elizabeth Arden's Venetian Cream—removes impurities which clog the pores and cause blackheads. Brisk patting—with Arden's Skin Tonic and Special Astringent—tones the skin and firms the contours. Nourishing—with Orange Skin Food or the delicate Vellu Cream—fills out the skin cells and so corrects lines and wrinkles. Follow this same method in the care of your skin at home.

GOODBYE DOODLE BUG MAN

The days of the "doodle bug" man that seer of seers who travelled about the land using his boasted wizardry and mysterious instruments to determine mineral wealth beneath the surface, have long since been numbered but, if he actually ever occupied a position of economic importance, he is being pushed out of it by scientifically designed devices.

Experiments being conducted under the direction of the geological division of the state department of conservation are steps taken to prove the worth of the resistance variometer, an instrument to measure electrical resistance through different substances, etc., through different kinds of rock strata. If, after extensive work, the engineers decide its results may be relied upon, the instrument may be of great value in the world of geological science.

The variometer does not determine the ore or pools of oil. It does not possess such exact information as the "doodle bug" man professed to have in his crooked stick, but providing the resistance variometer makes good it will be possible to determine the depths of certain rock formations. Knowing the depth of these formations, it is possible to deduct whether or not geological conditions are favorable for oil or gas.

The new device is very simple in structure. It may readily be transported in a light automobile, another feature that makes it use in almost any region. Many "bug" or "frat" structures have been eliminated through study during the past winter season. With the coming of spring, a party will be sent into the localities for experimental work, where oil and gas-bearing structures have been accurately determined by many drill holes and wells. The instrument will be carefully checked against this knowledge for possible discrepancies. It was planned to carry on work in the field during the winter months but the men interested in the development discovered that they could not sink their steel pins through the frost readily and this handicapped their efforts.

THE SUMMER VISITOR

Michigan proposes to spend \$100,000 in advertising the vacation opportunities of the state. The money will be used to invite people from other states to come here for their vacation period. We want them as our guests and are willing to go to the expense of sending them an invitation.

It will be money well expended. We will enjoy the company of these visitors and they will enjoy the cordiality to be found here. They will come in quest of rest and recreation and will not be disappointed. With thousands of green-tinted hills, where nesting lakes abound, there is health, happiness, and new life to be found. They will not be sorry they came.

OUR FUTURE HEROES

As a nation we deplore war, yet continue to raise to stardom those who practice it as a profession. Heroes of peace many times remain unhonored and unsung.

It is now proposed to reverse this age-old custom by putting peace accomplishments ahead of those gained upon battlefields. It is true that the nation needs its defenders, but it also needs those willing to sacrifice in the interest of science. Both are necessary for our national progress and security.

Teaching children through history books to revere the heroes of peace, while minimizing deeds of valor on battlefields, is said to be the purpose of an entire new course of study of national and world history now being prepared for use in the school systems of this country.

The idea appears both sound and sensible. We have been in a habit of placing too much stress upon those who walked to glory through seas of blood, forgetting the heroes of science struggling to give us longevity and comfort.

Such a change will not dim the lustre of those who have already walked across the pages of history, but will give encouragement to those engaged in prolonging the life of the human race and providing new things for its creative comfort.

THE VALUE OF SINCERITY

We cannot believe that the situation is so serious as the metropolitan press reports indicate.

We refer to some of the legislative problems with which Michigan legislators are now struggling, particularly with those having to do with raising funds for an institutional building program.

The situation will come out all right because of one important factor—the inherent honesty of the principals.

Governor Fred W. Green is a governor who is sincere in purpose. We believe him to be reasonable in attitude and fair in consideration of all problems that will come before him. The legislature is a body dominated by ideals of service. Those of its members who wish to inject discord in its deliberation for political purposes will find little sympathy from the people of Michigan.

We still have faith in those engaged in this task.

MING BILL DELAYED

Progress of the Ming amusement tax bill has been temporarily halted. What was first hailed as a measure due to receive immediate passage in the lower house at Lansing, has been temporarily delayed while members sought a little time in which to study the provisions and possible effect.

Whipped into line at first under powerful pressure from the speaker of the house, many of the legislators are now asserting their constitutional privileges by demanding to know upon whom this tax is going to fall the heaviest.

It is probable that enough pressure can be brought to bear to get it safely through the house. Over on the senate side of the law-making bodies it is going to encounter much closer scrutiny.

If those intrusted with the task of providing means for raising additional tax moneys will visit local and neighborhood theaters, they will immediately discover who is going to be called upon to bear the real brunt of this new tax burden.

They will find the workers and their families steady patrons of this form of amusement, entertainment and education. In thousands of instances they are their only means of diversion. They are entitled to receive it as cheaply as possible.

A state-wide survey reveals that unless this new tax was passed on the patrons, most of the smaller theaters, the ones patronized by the working classes, could not continue in existence. As it is many of them are now only operating from two to three nights weekly.

An amusement admission tax will fall exactly where we do not want it to fall upon those least able to pay it.

MCGILLIVRAY TALKS TO 10,000 PERSONS

(By E. M. T. Service)

James McGillivray, on a lecture tour for the East Michigan Tourist Association, showed his motion picture of Michigan wild life in Cincinnati, Springfield and other Ohio cities the week of February 18. His appearance was a pronounced hit everywhere and the Cincinnati school annual publication will say that it was the best program event of the year.

In Cincinnati in a single day Mr. McGillivray spoke to 2,000 persons. During the week his audiences numbered 10,000.

Among the pictures which Mr. McGillivray showed was "Mickey, the Beaver," which is not only one of the other states to come here for their vacation period. We want them as our guests and are willing to go to the expense of sending them an invitation.

NEWS REVIEW OF CURRENT EVENTS

Senate Still Dry, Votes to Put Sharper Teeth in the Prohibition Law.

By EDWARD W. PICKARD

THAT the senate is still overwhelmingly "dry" was fully demonstrated last week when the Jones bill to put more teeth in the prohibition act came to a vote. The measure was passed by a vote of 65 to 18 while, in the senators' private gallery, the result was closely observed by Rev. Clarence T. Williams, general secretary of the Methodist board of temperance, prohibition and public morals, and Rev. Edwin C. Dinwiddie, secretary of the national conference of 83 dry organizations. Every proposed amendment was voted down except one offered by Senator Jones of Washington, sponsor of the bill. This provided that: "It is the intent of congress that the court, in imposing sentences hereunder, should discriminate between casual and slight violations and habitual sales of intoxicating liquor or attempts to commercialize violations of the law."

As passed, the bill increases the maximum penalties for illegal manufacture, sale, transportation of intoxicating liquor to imprisonment for five years or a fine of \$10,000 or both.

Identical measure was pending in the house, having been favorably reported by the judiciary committee. Passage of the Jones bill was preceded by a debate that drew crowds to the senate chamber, for the leading speakers were Senators Reed of Missouri and Borah of Idaho, respectively against and for the bill. Reed's effort, that spread over two days, was probably his last important speech in the senate for he retired on March 4, and it was well worth hearing or reading. With all the powers of classic oratory at his command and that means a lot he attacked the Eighteenth amendment and the Volstead act and scored with bitter phrases the dry senators and the leaders of dry organizations. There was nothing new in his arguments, but his sarcasm delighted even those against whom it was directed.

Senator Borah admitted that prohibition might be a mistake, but insisted his object is an excited one. He said he was not committed to opposition to the modification or even the repeal of the amendment to the Constitution of the Volstead act; that he was only committed against the change, the repeal either of the amendment or the law so long as nothing better and more effective has been or can be presented. While the amendment is a part of the Constitution, he declared, congress and the people must support it, maintain it and, if possible, enforce it.

Senator Cawray of Arkansas, an ardent prohibitionist, was also speaking at a different time when he was a candidate for the Democratic nomination for President at Houston last summer. He dwelt on the statement Reed issued on the eve of the convention in which he made a bid for the support of the prohibitionists. "On that occasion," said Cawray, "he was willing to lend the dry to victory. But the drys were not deceived and the vote was only a gust."

WITHOUT a record vote the house passed the Johnson general deportation bill, which has provision for the deportation of alien bootleggers, gunmen and bomb throwers. A similar bill had been adopted by the senate. It was considered likely the conferees would modify the prohibition part of it, authorizing deportation of aliens receiving a one-year sentence, or two sentences aggregating one year, for violations of laws relating to the sale and manufacture of intoxicating liquor. This is more severe treatment than is provided for those convicted of most other offenses.

AT THE request of Senator Deneen of Illinois the senate foreign relations committee postponed until the next congress action on the treaty between the United States and Canada authorizing an additional diversion of water for power purposes at Niagara falls. Mr. Deneen argued that action on the treaty should be deferred pending consideration of other questions at issue between the United States and Canada involving other diversions of water from the Great Lakes, and the diversion at Chicago for sanitation and navigation purposes. The committee decided to hold hearings on the treaty during the recess of congress.

PRESIDENT-ELECT HOOVER and Mrs. Hoover arrived in Washington Tuesday and went to their home on S street, where Mr. Hoover is to remain in virtual seclusion until the day of his inauguration. He has not receded in the least from his announced determination not to make public his cabinet selections before March 4. The latest gossip in this connection was that Mr. Hoover would like to have Senator Borah as attorney general so that prohibition might be properly enforced, but that the senator would not accept the post. There was talk, too, of James W. Good of Chicago for the postmaster generalship, and of Charles Francis Adams, treasurer of Harvard, for the navy portfolio. On Wednesday Mr. Hoover had an hour's chat with President Coolidge in the White House. He also conferred with Representative Tilson and Senator Watson concerning the date and program for the special session of congress to be held this spring.

Next morning Senator Edge of New Jersey, leading wet, breakfasted with the President-Elect, and there was reason to believe they discussed the matter of naming a fact-finding commission to look into the causes of the breakdown in prohibition enforcement. There was a rumor that Mr. Coolidge might be asked to take the chairmanship of such a commission.

GOOD news comes up from South America. After 45 years of quarreling and fighting, Chile and Peru have settled their Tacna-Arica boundary dispute by peaceful means. Tacna goes to Peru and Arica to Chile, and the new boundary is so fixed that the railway, which is Bolivia's sole outlet to the coast, remains in Chilean territory until it crosses the Bolivian frontier. The railroad from Tacna to Arica will be in Peruvian control, and a spur at Arica to connect the two lines will be controlled by Chile. The agreement is the result of diplomatic negotiations undertaken four months ago, after resumption of diplomatic relations between Chile and Peru at the invitation of the United States Secretary of State Frank B. Kellogg last July.

COMMANDER BYRD has just made a huge addition to the territorial possessions of the United States. In flights over the Antarctic region he discovered a vast area of land and claimed it for his country, naming it Marie Byrd Land for his wife. The Rockefeller mountain range, in the British Ross dependency, was mapped by aero camera, and another and loftier range, in the newly discovered land, was found. Its peaks seemed to rise to eight or ten thousand feet.

RUMORS that the Spanish dictator, who was soon to hand in his resignation, were disproved by events of last week. By a government decree signed by King Alfonso the artillery corps of the Spanish army, in which originated much of the recent disorders, is dissolved. All the officers of the corps are dismissed without salary and become private citizens, and the classes of the Royal Artillery academy at Segovia are dismissed. Command of the artillery posts was taken over by officers of other branches of the service. Some of the artillery officers, who took part in the revolt of a week or two ago, were ordered deported but probably the others will be reintegrated after taking a new oath to defend the present regime.

SIR EDWIN HOWARD'S statement to the press in Washington, in which the British ambassador predicted that another effort would now be made to bring about an agreement among the principal naval powers to restrict navy building, caused a lot of excitement in England and caused Sir Austen Chamberlain, secretary for foreign affairs, to be beckled in parliament. The Laborites and Liberals questioned him persistently, and at first his reply was to the effect that the British government had no intention of issuing an invitation for a conference on this subject; that all questions concerning relations with the United States were under consideration and the time had not come to make any statement of result. Later he admitted the government was considering a new line of approach to the United States on the question of naval disarmament.

TROUBLE for the Chinese Nationalists was developing rapidly last week in Shanghai, where large numbers of bandits and former northern soldiers were reported to be concentrating. A revolt that started at Lungkow was spreading to other towns, and it was said that Chang Chung-chang, former war lord of the province, was in his way there, accompanied by some Russian generals. Gen. Feng Yuh-shan, some time ago ousted from Nationalist troops in western Shanghai in readiness for just such a situation as has arisen. The American cruiser Trenton was sent from Manila to Chefoo to look after American interests.

THE extreme cold that has brought so much distress to Europe has had one good effect in England. The coal-mining business has been given such a boost that most of the collieries are working full-time and many thousands of miners are at work after long months of an unemployment dole. Traffic and communications in the state of Sao Paulo, Brazil, were demoralized by floods following terrific rainstorms. The port of Santos was completely isolated except by sea.

FULFILLING predictions, President Coolidge last week took the first step toward reopening the question of American entrance to the World court. By his direction Secretary of State Kellogg delivered to the Washington representatives of all the World court nations identical notes inviting the interested governments to reconsider their rejection of the senate's reservations to American adherence and to take steps making it possible for the United States to become a member of the court.

ONE of the interesting tragedies of the week was the murder in Los Angeles of E. L. Doheny, Jr., son of the oil magnate, by his secretary and companion, Hugh Plunkett, who then committed suicide. It was apparent that Plunkett had suddenly become insane after a year of nervous trouble for which he had been under treatment. The younger Doheny was thirty-six years old and was a partner in his father's oil corporation. The father was prostrated by his son's death.

PHILIP C. HANNA, a retired veteran of the American diplomatic service, died in San Diego, Calif., at the age of seventy-two years. Mr. Hanna entered the consular service in 1891 and served in various Latin American countries as a consul general, being noted for his unswerving protection of American interests in times of revolution and disorder. Edward J. King of Galesburg, Ill., who had represented the Pittsburg Illinois district in congress for seven consecutive terms and was re-elected for the eighth time at his home in Washington after long suffering from heart disease.

Newsmen mourned the death in New York of Melville B. Stone, one of the organizers of the Associated Press and until 1921 its general manager. Mr. Stone founded the Chicago Daily News in 1875.

ESSEX

THE CHALLENGER

Twice now...in 30 days...production has had to be increased

Essex the Challenger sweeps aside the barriers of price class. It challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other car gives you back so much for every dollar you put in.

A glance at its 76 advanced features reveals at once why Essex exceeds no car in its challenge. For point after point in fine car construction, performance and detail, brings you directly to costliest cars to find comparison.

With above 70 miles an hour top speed, Essex the Challenger, in thousands of demonstrations, is proving the endurance and ability to do 60 miles an hour all day long.

It is the finest, largest, roomiest, most brilliantly performing Essex ever built, and the price the lowest for which Essex ever sold—but little above the lowest priced car on the market.

That is why the acceptance of Essex the Challenger is the talk of motordom. Join the van of 1,000,000 Super-Six owners who are demonstrating its right and ability to challenge the best that motordom offers.

FARM HELPS

If lice are present in the poultry flock, it is important to control these pests before the hatching season, by dusting the hens with sodium fluoride. This material is harmful if used on very young chicks.

Sows and Pigs On Self-Feeder
No hog raiser wants to waste his time and money on runs, and the U. S. Department of Agriculture, at its Animal Husbandry Experiment Farm, Beltsville, Md., has found that the plan of placing sows with their piglets on self-feeders during the suckling period has produced fewer runs than any other system used, and also has saved feed. When the sows are on full feed after farrowing they are put in a lot, sometimes 12 or 14 on the same self-feeder, and given access at all times to shelled corn, tankage or fish meal, shorts or middlings, and a mineral mixture. After the pigs are about 3 weeks old they get feed from the same self-feeder as the sows. Weaning time approaches, a fence about 3 feet high is built around the feeder, 2 or 3 creepers provided for the pigs, and the sows are shut off from the feed. The sows soon discontinue giving milk, and the pigs will not try to nurse after 3 or 4 days from the time the sows are shut off. The sows are then driven away and the pigs allowed to continue on the feeders.

House Painter Wins Real Art Prize

John Kane, who paints houses and box cars for a living, won the Carnegie Institute prize in the nineteenth annual exhibition of the Associated Artists of Pittsburgh. He is shown above with one of his canvases. Kane had passed his sixtieth birthday before he achieved his ambition of painting pictures. Twice in recent years his works have been hung in international exhibitions.

Age No Barrier When Konjola Is Given Chance

Civil War Veteran Of 88 Finds New Lease On Life Through New Konjola

MR. B. H. RANDALL.

Remarkable, indeed, are the works of Konjola in the cases of those of advanced age. The files of this remarkable remedy fairly overflow with endorsements from those in the eighties who have found in Konjola quick and lasting relief when all else had failed.

Take the case of Mr. B. H. Randall, 88, of the Soldiers Home, Grand Rapids. Rejoicing over the health that Konjola brought him, this veteran of the Civil War writes:

At 88 I was about ready to give up trying to regain my health and had almost resigned myself to sit down and wait for final taps. I was greatly distressed by the slightest exertion and my strength was leaving me. I did not respond to any of the medicine or treatments I had tried. I had heard and read many good things about Konjola, and decided to see if it would do me any good. It gave me the surprise of my life. Day by day I could feel this wonderful medicine working on my kidneys, liver, and stomach. In six weeks I felt well and am enjoying active life as I did years ago. In my case, Konjola proved to be a wonderful system builder and I can not but feel that this splendid medicine has added years to my life.

Konjola is sold in Grayling at the Mac & Gidley drug store, and by all the best druggists throughout this entire section.

Inside Information

Raglan sleeves on a child's dress are more comfortable than either the set-in or the kimono sleeve. They are more easily made than raglan sleeves, and they allow room for growth with-out changing the dress.

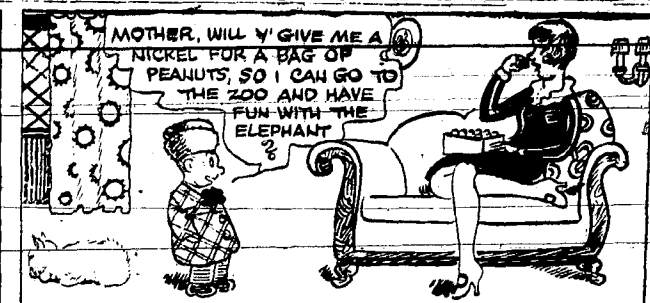

Milk may be used in bread making to improve the nutritive value of the loaf, and also to improve its appearance through the fine golden brown crust and more creamy color and texture of the crumb. Dried milk rapidly, and I did not respond to any of the medicine or treatments I had tried. I had heard and read many good things about Konjola, and decided to see if it would do me any good. Fine steel wool makes aluminum saucepans shine. It is sold under various trade names. Whiting or vinegar or dilute oxalic acid, may be used to remove food discoloration. Never use strong alkalis such as washing soda or lye on aluminum or even scouring powders or soaps containing free alkali. After cleaning wash the interior thoroughly before cooking in it.

Eat plenty of any kind of fish, but especially the salt-water fish and shellfish, both fresh and canned. All fish contribute to the day's supply of "efficient" protein, similar to that furnished by meat, eggs, milk, poultry and cheese. The saltwater fish, or "sea foods" are also the best known sources of iodine, one of the minerals needed to keep the body fit and healthy. Lack of iodine leads to disturbances of the thyroid gland, which results in goiter.

News Briefs

THURSDAY, FEBRUARY 28, 1929

Miss Rosalyn Lewis spent the week end at her home in Gaylord.

25 per cent off on ladies' zippers and buttons at the Economy Store.

Mrs. Clarence Brown has been spending the past few days in Bay City.

Sheriff Bohlenmeyer made a business trip to Chicago the last of the week.

Mrs. Harold Skingley is up and at duty after being confined to her home with tonsillitis.

Be sure and plan to go to the Eastern Star supper March 7th at 5 p.m. Children 35c and adults 50c.

Come to the slide Saturday night prepared to dance. And come to the dance prepared to slide. Music by the Syncopeurs.

E. C. Nicholson, secretary of the State Welfare department was in Grayling on business the last of the week.

Mr. and Mrs. David White returned Tuesday from a two weeks visit with their sons and daughters in Flint.

The Woman's Home Missionary society will meet with Mrs. J. W. Greenwood next week Wednesday afternoon from 3 to 5 o'clock.

Mr. and Mrs. Dan Babbitt and son Arnold spent the week end in Gaylord, Bay City and East Jordan visiting relatives and friends.

In the game of basketball played on the local floor Saturday night, Roscommon teams trounced the Vandervill teams by one-sided scores.

How about a hand? There are plenty of players here and no doubt Ed Clark will be glad to direct them.

Since he has returned to Grayling to reside.

Mrs. Walter Nelson of Johannesburg at one time a resident of Grayling, passed away at her home Saturday after a short illness. She had returned from Pennsylvania Friday where she had been visiting her daughter, Esther. The remains were laid to rest in Elmwood cemetery Wednesday afternoon.

We have learned of a calamity that recently befell one of the very young students of our local high school.

The other night he engaged in a skunk hunt and as the result had to undress out of doors, his clothes had to be buried and he was in a deuce of a fix. He didn't get the skunk but nobody would deny that he didn't give it a close race.

Emil Giegling, who is making an extensive business trip in the interest of the Kerry & Hanson Flooring company, is now in the south at points in North Carolina and other states.

He will also go to Washington, D. C. and will probably stay over for the President's inauguration.

Mrs. Axel Larson entertained our Gang sewing club at her home last Thursday afternoon and as a surprise had the members numbering 28 which included a number of invited guests, showed her with gifts. The club is meeting today at the home of Mrs. William Moshier.

Mrs. A. J. Joseph went to Gaylord Tuesday to witness the play "The Flapper Grandmother" put on for the benefit of the hospital. The play was very successful. A play by the same company will be put on in April by the Women's Club of Grayling. The play is called "Cupid Up To Date."

The ladies of our Gang sewing club very pleasantly surprised Mrs. Oliver Shoemaker (Gertrude Wakeley) at the home of her mother, Mrs. S. B. Wakeley, Monday afternoon. A lot of time and with a pot luck lunch served and the guests of honor was showered with gifts. Mrs. Shoemaker who resides at Brighton is here visiting her parents for several weeks.

John Bruun's horse came near to being responsible for a very serious accident at the toboggan slide last Saturday afternoon. Mr. Bruun was riding along the path that borders the toboggan slide when the horse apparently became frightened at an approaching toboggan and reared and plunged right into the toboggan slide.

Mr. Bruun who is an expert horseman, dug his spurs into the animal's sides but it looks as tho the toboggan struck the horse's nose just at the instant they were leaving the track, breaking a deep hole into the front of the toboggan. On the toboggan were Don Gothro, Charles Hill and Brad Jarmin. The toboggan was wrecked. Don received deep cuts above an eye and his nose, that required several stitches. Mr. Hill was badly bruised about his head and face and Brad was knocked senseless. The injured boys were rushed to Grayling where Dr. Keyport cared for their injuries. While the boys suffered a lot of pain for some time none felt worse about the accident than did Mr. Bruun. He saw to it that the boys had the very best of care and also a new toboggan to replace the broken one.

Remember to send your children to the library every Saturday afternoon at 3:00 o'clock for the Story Hour sponsored by the Women's club and under the direction of Miss Hazel Cassidy. February 16th there were about 55 children present, and Miss Margaret Warren assisted Miss Cassidy. Last Saturday Miss Clara Dago had charge of the Story Hour.

There has been a decided break in the weather since Sunday. A light snowstorm Monday turned almost to a rain Wednesday and today is bright and the snow is going fast. Roads that have been so ideal for several months past are now a series of ruts and ice. The streets are still heavy with snow and it looks as tho we were due for some hot streets before we see bare ground.

Mrs. Marius Hanson is in receipt of a letter from his brother Frank Parsons of Panama that was sent on the first Lindbergh air mail service from that city. The letter was mailed at Panama at 10:00 a. m. on Sunday and arrived here Saturday morning. That is remarkable speed considering that the planes were delayed two days by storms and also that the letter had to come from Bay City by train.

Word has been received here of the death Thursday morning in Asheville, North Carolina, of Mrs. Carlton Wythe, who will be remembered as Grayling's first woman.

Grayling's first woman, Mrs. Wythe, was well known to many here, who will be grieved to learn of her untimely demise. When her father, Frank Bridges and the Harley Diltz family left to make their homes in the south, Mr. and Mrs. Wythe went also, but they have been back to Michigan and Grayling several times.

Oran and Clarence Ingalls of Flint, accompanied by their cousins, Ray Ingalls and Bill Kery, and the Misses Evelyn Goodwin and Helen Ingram of the same place motored here and spent the week end with the former's parents, Mr. and Mrs. Clarence Ingalls. On their return Sunday, Mrs. Oran Ingalls and her daughter, who had been here for a number of years, owing to the baby's illness, returned with them. Also Miss Anna Ingalls accompanied them and expects to find employment in Flint.

As only half as many season tickets for the basketball tournament have been allotted to Grayling, this year you are urged to get your tickets as soon as possible so as to have them for the opening games. Supt. Bogie is putting forth every effort to obtain more tickets, but they may be late in arriving. Tickets are on sale by the following: Both drug stores, the Student Store, Mr. Burey, Emil Kraus, T. W. Hanson, Alfred Hanson Service Station, O. Sorenson & Sons store, T. P. Peterson and Fred R. Welsh. Season tickets, general public \$1.25, students 75c. Single admissions, afternoon games 25c and 35c, evening games 35c and 50c.

Mrs. Esbern Hanson left Wednesday for Washington, D. C. to be in attendance at the inauguration of Herbert Hoover March 4th. Also her son Gadet Esbern Hanson Jr., who is a student in the St. Johns Military academy, Delaware, Wisconsin, will be at the inauguration. The latter was one of the 100 from St. John's to be chosen to take part in the inaugural parade. Forty-two teachers from the academy will accompany the cadets. The inaugural parade requires six hours of marching. We are glad to have Grayling represented at the inaugural and especially so to have one of our boys in the parade. Emil Giegling of the Kerry & Hanson Flooring Co. also expects to attend the inaugural.

Regular meeting was held at the home of Mrs. Herluf Swenson Monday evening, February 25th. Members responded to roll call, and minutes of previous meeting were read and approved.

Business meeting and reports of various committees heard; also report on Mothers and Daughters banquet.

Mrs. Roy Milnes sang two solos which were very much enjoyed. These were Indian songs by Thurlow Lieurance, entitled "In My Bark Canoe" and "On Cherry Hill."

Mr. T. W. Hanson gave a very interesting account of the life of David Shoppenagon, as he knew him, and related the incidents that happened on their various fishing and camping trips down the AuSable river. He also told the club members about using Shoppenagon's name as a trademark on cork pine out and marketed by Salling Hanson Co. in the early days—how proud Chief Shoppenagon was to have his name used in this manner, and to be able to attend all the big lumbermen's conventions. According to Mr. Hanson, David Shoppenagon was born in Saginaw, Michigan, and at the time of his death Christmas Day, 1911, was about 103 years of age. He was described as being active, progressive and deeply religious, with a wonderful knowledge of the woods.

Miss Rosalyn Lewis read an interesting paper on Indian Memorials which have been established in various parts of the country in memory of departed chiefs and tribes.

The Woman's Club are sponsoring a movement for the erection of a suitable memorial to Chief David Shoppenagon, on the site of his former home on the banks of the AuSable river in this village.

Mrs. Francis Barnett was re-elected a member of the club, and Mrs. Herbert Gothro is a new member.

MENU FOR EASTERN STAR SUPPER

Tuesday, March 7th

Meat balls, Mashed Potatoes, Danish sour cabbage, Pickles, Jelly, Fruit salad, Buns, Brown bread, Cake and coffee.

Ed Dalmar, who is employed in Grayling entertained Miss Allen of Cadillac over the week end.

Ball Band rubbers for this wet weather. Best on the market. The Economy Store, next to the Bakery.

The home of Perry Ackers was the scene of a pleasant dancing party Saturday night with a good sized crowd present.

Edward Mayotte, accompanied by Mr. and Mrs. E. W. Boening and son Dick, and Misses Margaret Fyvie and Louise Sibley motored to Traverse City last Sunday.

St. Mary's Altar society met at the home of Mrs. Marius Hanson to sew Tuesday afternoon. Carpet rage were the order. Mrs. Esbern Hanson there to come again next Tuesday for the same purpose.

The Graham-Paige exhibition that was scheduled for last week Friday afternoon had to be postponed due to trouble with the motion picture machine. This was being put on by Wm. Leng of Frederic, local dealer. No title of dates will be given out as soon as they can be arranged.

Maurice Gorman and family enjoyed a visit from his two sisters, Misses Adele and Melvina and brother Arthur of East Jordan Sunday, they being accompanied by Elroy Sawyer. The party took in the thrills of the toboggan slide at Lake Margrethe over which they were very enthusiastic.

Remember to send your children to the library every Saturday afternoon at 3:00 o'clock for the Story Hour sponsored by the Women's club and under the direction of Miss Hazel Cassidy. February 16th there were about 55 children present, and Miss Margaret Warren assisted Miss Cassidy. Last Saturday Miss Clara Dago had charge of the Story Hour.

Miss Kathryn Brown entertained her Sunday school class Tuesday evening with an old-fashioned tally pull at the church parlors.

John R. Bates, brother of Mrs. R. H. Gillett, accompanied Mr. Gillett home from Bay City and spent the week end as their guest.

Mrs. C. M. Hewitt of Detroit is visiting at the home of her son Earl Hewitt and family, expecting to remain for several weeks.

Richard and Robert Ross of Otter Lake spent the week end here, guests of their cousins, the Peterson children, enjoying the toboggan slide.

Miss Francis Mickelson and Miss Beatrice Tyner drove up from Mason Saturday to enjoy the winter sports. They were guests of Mr. and Mrs. Esbern Hanson.

The Sunday School teachers of Michelson Memorial church met at the Messerons Tuesday evening to start plans for the Easter program.

Mrs. Hazel McClellan of Rogers City who had been in the city visiting the local telephone exchange, being an employee of the Company, returned Saturday to Alpena. She was accompanied here by her mother, Mrs. Charles McClellan.

while here they were guests of Mr. and Mrs. Thomas Cassidy.

The Bridge club were guests of Mrs. C. R. Keyport at a very attractive luncheon at Shoppenagon's Inn Saturday afternoon. Spring flowers arranged in a silver basket formed the decoration for the luncheon table.

The ladies went to the home of the hostess for bridge. Mrs. Oscar Hanson held the high score. Miss Francis Mickelson and Miss Beatrice Tyner of Mason were out of town.

Red, white and blue, the national colors, were pretty carried out in a Washington birthday party, at which Misses Ingeborg Hanson and Isa Grapner were hostesses to 17 guests last Friday evening at the home of the latter. Miss Len Armstrong won the prize in a hatched hunt and together with Miss Agnes Hanson and Frank Sales won prizes in a series of other contests.

A patriotic cloth covered the lunch table, with napkins, and red, white and blue hatched for place cards. At each end of the table were candles in clusters of three in the same colors.

While the centerpiece was a miniature scene of Washington crossing the Delaware, George Washington hats filled with candies and nuts were favors.

Grayling Independents were defeated last evening on the local court in one of the tussles games of the season by the "Scarlet Reds" of Vandervill. The game ended in a tie and two overtime periods were played.

After the first one the score still remained a tie, at 30 all. In a second overtime period, Vandervill rang up five baskets in quick succession for a point and the game to the tune of 40 and 30. The preliminary game between the Kerry & Hanson Flooring mill gang and Claude Peterson's clerks was one of the funniest exhibitions witnessed in a long time.

Tony Nelson refereed the game and throughout never called a foul on any player. The game was made very gay and pretty rough and looked more like a football game than basketball. The flooring mill gang realizing the situation, appeared in the second half in football togs with helmets on their heads. The latter came out on the end of a score of 14 to 4.

EREDIC SENIOR CLASS PLAY TO BE GIVEN MARCH 7. The play, "The Dearest Thing in Boots" will be given in the Fredrick High school gymnasium by the Senior class, Thursday evening, March 7th. This event, which will be one of the best of the season, will be for the benefit of the Senior class, and everyone should plan to attend.

Oran and Clarence Ingalls of Flint, accompanied by their cousins, Ray Ingalls and Bill Kery, and the Misses Evelyn Goodwin and Helen Ingram of the same place motored here and spent the week end with the former's parents, Mr. and Mrs. Clarence Ingalls. On their return Sunday, Mrs. Oran Ingalls and her daughter, who had been here for a number of years, owing to the baby's illness, returned with them. Also Miss Anna Ingalls accompanied them and expects to find employment in Flint.

As only half as many season tickets for the basketball tournament have been allotted to Grayling, this year you are urged to get your tickets as soon as possible so as to have them for the opening games. Supt. Bogie is putting forth every effort to obtain more tickets, but they may be late in arriving. Tickets are on sale by the following: Both drug stores, the Student Store, Mr. Burey, Emil Kraus, T. W. Hanson, Alfred Hanson Service Station, O. Sorenson & Sons store, T. P. Peterson and Fred R. Welsh. Season tickets, general public \$1.25, students 75c. Single admissions, afternoon games 25c and 35c, evening games 35c and 50c.

Mrs. Esbern Hanson left Wednesday for Washington, D. C. to be in attendance at the inauguration of Herbert Hoover March 4th. Also her son Gadet Esbern Hanson Jr., who is a student in the St. Johns Military academy, Delaware, Wisconsin, will be at the inauguration. The latter was one of the 100 from St. John's to be chosen to take part in the inaugural parade. Forty-two teachers from the academy will accompany the cadets. The inaugural parade requires six hours of marching. We are glad to have Grayling represented at the inaugural and especially so to have one of our boys in the parade. Emil Giegling of the Kerry & Hanson Flooring Co. also expects to attend the inaugural.

Regular meeting was held at the home of Mrs. Herluf Swenson Monday evening, February 25th. Members responded to roll call, and minutes of previous meeting were read and approved.

MICH. LEGISLATIVE
NEWS LETTERMichigan Press Association
Lansing Bureau

Despite the handicap of the time taken off for the state convention, a legal holiday and various other matters, it has been rather a prolific week in disposing of legislation. Taxation problems are still in the formative stage but reported by members of the committees which have them in charge to be getting nearer to readiness for introduction.

The Ming bill proposing an amusement tax met with unexpected obstruction in the House when Rep. McDonald's motion to refer it to the ways and means committee was carried. It is expected the committee will report the bill out. A public hearing is scheduled on this matter for Monday evening and the bill has been made a special order for Tuesday afternoon at 2:30. It is freely predicted that it will meet its death in the Senate even if it passes the House.

Rep. McBride proposes drastic regulations on sale of medicines and foods for stock and poultry, asking that formulas printed in plain English must accompany all packages, in order that contents may be known, and also providing that dealers must have a state license.

Rep. Netting proposes state license

for all dealers in pelts and furs of wild animals.

Senator Engle of Lake City says no additional tax is necessary for financing rehabilitation of state institutions. He makes the assertion that a close revision of salaries, the dropping of unnecessary employees of the state and other measures of economy would obviate the necessity of additional taxes.

Senator Condon proposes appointment of a state tax commission to study taxation problems and report at a special session or at the next regular session. In the meantime a proposition for a bond issue is being urged, to be voted on at the spring election, but it is not thought likely that this proposition can be forced through in time for a vote at the April elections.

A proposal to remove the state employment school for the blind from Saginaw and combine it with a similar institution here was frowned down by the ways and means committee after a careful investigation of the Saginaw institution.

Rep. Miles Callaghan has introduced a bill proposing a license fee for chain stores. Rep. Brady has another along similar lines.

The bill providing that automobile owners shall not be liable for injuries to gratuitous passengers has passed the House. Also one changing the name of the village of Orion to Lake Orion; one to amend the arson law; one requiring prosecuting attorneys to furnish federal authorities with information regarding criminal aliens and one to permit persons ill with contagious diseases to be transported by proper authorities from one county to another for hospitalization. Sunday hunting in Emmet county is also barred in a bill which has passed the House.

Amendments to the election code proposed by the special commission were introduced in the Senate Tuesday afternoon by Senator Stevens. It provides for a permanent registration of voters, delays the fall primary one week and would place the names of presidential candidates on the ticket. The pre-primary convention proposition was not incorporated in the code.

The lion and the lamb are to lie down together, in all probability, the codices, the chiropractors and the osteopaths will likely be harmonized under the so-called "basic science" bills which are now in process of re-construction.

Senator Howell sponsors a bill requiring filing of a list of creditors of a mortgagor and notification of such creditors within five days after execution of such mortgage.

Election accounts, the condition of ballot boxes or ballots, would be authorized under a bill introduced by Senator Benson.

A bill introduced by Senator Sink would allow Michigan to preserve prehistoric Indian lore and relics. It would require permission from private owners or of the conservation department in the case of state lands, before excavations may be made in search of relics.

A proposition to change the name of the Montgomery game refuge to the Lunden refuge, in honor of the memory of Herman Lunden is proposed by Rep. Green and meets with hearty approval as does the presentation of \$1,000 for a memorial to the late Edwin Denby, a former member of the House.

Rep. Gardner's bill to bar appearing on the highways and streets of Livingston county in bathing suits passed the House after several proposed amendments including one to make the bill statewide had been voted down. If it passes the Senate it must still have to be voted on by the people of Livingston county before becoming operative.

Rep. Higbeck introduced a joint resolution permitting the state to improve rivers and streams. State improvements are now limited to roads and bridges.

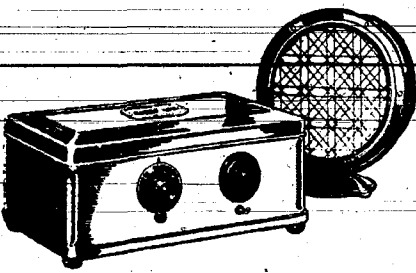

Rep. At Dykstra introduced a bill for the licensing of "beauty culturists." Bill would apply to barbers. The measure is from the established beauty parlors.

Rep. Darin proposes to exempt fraternity and sorority houses at educational institutions from taxation. Exemption from taxation is one reason for too heavy present taxation on property not exempt.

Rep. Hall's bill for more strict grading of Michigan apples passed the House without opposition and now goes to the Senate.

The first really animated debate of the session in the House featured the Thursday afternoon session when the criminal code was in committee of

Atwater Kent ELECTRO-DYNAMIC RADIO

MODEL 46, the new all-electric receiver. Full-vision Dial. Uses 7 A. C. tubes and 1 rectifying tube, with double power tube stage. Without tubes, \$83.
MODEL 46-Z (Electro-Dynamic) speaker. True to the whole range of music and the human voice. \$34.

If you could listen in a studio
you'd hear—THIS

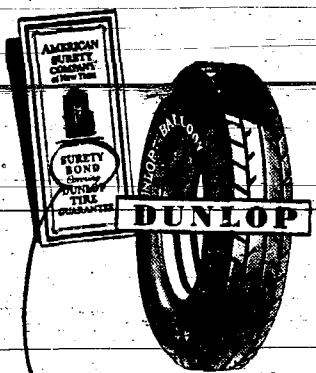

If you could go to the broadcasting studio and listen to a fine program, you would hear exactly what you hear at home through the new Atwater Kent Electro-Dynamic. That's how natural its performance is. There is no detectable difference between the reproduction of this marvelous new set and the actual sound! From the rumbling of the tuba to the highest bird-note of the violin—it's real—all the way.

Of course, such rich purity of tone isn't due to the Electro-Dynamic principle alone. It's the way it's handled in this set, and the extreme

care with which the set is made. In the course of manufacture it's tested or inspected 513 times! Some operations have to be accurate to a thousandth of an inch. And the men who make it know how—they've already built 2,000,000 dependable receivers.

Whether you choose your Atwater Kent in the table model, in the compact all-in-one Model 53 or in a stately wooden cabinet, you'll hear the programs as they really sound—because every Atwater Kent Electro-Dynamic is as good as the real one!

Among the numerous poisons which unwary insect pests take into their stomachs with fatal results known as stomach insecticides arsenic in various forms is the most extensively used and most dependable. About five million pounds of Paris green (which contains arsenic), 25,000,000 pounds of lead arsenate, and 30,000,000 pounds of calcium arsenate are produced each year in the United States.

Sickly Boy, 7, Gains 15 lbs. Father Happy

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—J. F. Andrus.

Vinol is a delicious compound of cod liver peptone, iron, etc. The very first bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Mac & Gidley, Druggists.
